I did - though wasn't sure why you have Paul Schreoder and Carlos Ruiz on the distribution...they're doing the CAD cell modeling NOT the food chain modeling

Bob - just dbl checking,,,we're on for a 9:30 am call this Wed  
7/1 to  
update the ou3 folks on the food chain modeling, yes? If so  
it might  
make sense to send out a reminder to everyone participating  
given the  
scheduling back and forth that happened. Thanks - Dave
